STILL LIFE PAINTING & DRAWING

With Wayne Davis

Tuesday afternoon & evening

Wayne is a realist artist living and working out of the Southern Highlands. His interest includes still life, landscape, portraits and figure work. His painting ideal is to render form as to its aspect at any given moment with regard to its lighting, structure and texture, together with its true relationship to its environment.

Wayne's class is suitable for beginners or experienced students. Use the medium of your choice: oil, acrylic, watercolour or mixed media. Learn to improve your drawing skills. Understand colour, tone and chromaticity in creating dynamic still life paintings.
