# CHILDREN'S ART CLASSES

With Slavica Zivkovic

Monday afternoon / Evening

Slavica is an artist who has been exhibiting for over 25 years; her studies have included ceramics, painting and printmaking. Through exploration of these mediums she has developed a narrative theme in her work that suggests a form of storytelling and a symbolic language that is linked to culture, memory and presence.

As an artist she has been teaching children for 19 years and is drawn to the spontaneity of children's work where there is a great sense of freedom. Colour, expressive mark making and abandonment in the way a child explores their own sense of the world is very inspiring.

Slavica holds weekly classes and holiday workshops for children throughout the year encouraging children to explore the world through observation and imaginative ways.

Contact Slavica on 0402 124 679 email [slavica043@gmail.com](mailto:slavica043@gmail.com)
