Loosen up your painting style with A-F Fulgence

2 Day Workshop
20 & 21 March 2027
Workshop time: 9:30am – 3:30pm
$250 BDAS members $300 non members

This a great class for beginners or for those who want to refresh their skills and understandings of drawing and painting materials. This workshop is to experiment with a range of materials with specially designed exercises to encourage you in creating looser and freer artworks.

A-F Fulgence is a highly talented local landscape painter and BDAS tutor. Her paintings demonstrate a mastery and deep understanding of the Australian landscape. She has been professionally exhibiting for the past 23 years and has won several prizes and commendations.

Under her guidance, you will explore simple ways to create artworks in a loose manner. Loosen up is to forget about being rigid, literal, or exact in representation. Painting in this manner is highly physical and psychological because it requires the artist to fight the urge to fix mistakes. Join A-F for a fabulous 2 day workshop exploring small studies on paper and canvas.

Students will explore different mediums such as acrylic, oil, dry pastel, and raw pigments.
A-F will demonstrate her landscape painting process and guide the class through a series of exercises. She will encourage participants to take risks in experimenting. From the preparation of the painting support, the choice of documentation, the selection of colours, the choice of brushes, the use of acrylic and oil mediums to the realisation of their artwork.

Students are encouraged to bring their own pictures and documentation to work from. A-F will work with each student to best work out how to use and crop the images to achieve a successful result. By the end of the weekend, you could expect to take home multiple small artworks on paper and 2 finished canvases.
