Workshop time: 9am – 4pm

\$260 BDAS Members \$320 Non-members

This watercolour workshop is designed to take the participant out of their traditional practice and to feel the energy when painting intuitively and instinctively.

This workshop is about exploring the versatility of the medium in all it's wonderful transparency. It will be full of new experiences and discovery for what one can achieve when they just go for it.

I look forward to sharing my learned skills with you. In this workshop we will be working on a full sheet, maybe two, interpreting the landscape in our own unique way.

I will demonstrate my process and assist participants in developing their individual vision.

There will be no drawing in graphite but instead finding our subject through layers of transparent watercolour and utilising negative space wherever possible.

The final step is the mark making using water soluble wax pastels to bring a vitality and depth to the work.

his workshop is suitable for all levels and working on a full sheet allows for a much freer and creative process.
